

## Notice of a Potential Positive COVID-19 Case in School

Date: February 24, 2021

**KFL&A Public Health is investigating a potential positive case of COVID-19 that has been identified in your student's school. KFL&A Public Health is taking the following action out of an abundance of caution and in the interest of protecting the school community.**

Dear Families,

The purpose of this letter is to inform you that KFL&A Public Health is investigating a potential positive case of COVID-19 in a student at **École Polson Park Public School**. Please note that if you are receiving this letter only, the potential positive COVID-19 case was **NOT** identified in your student's classroom/cohort.

We recognize that receiving this information may be stressful and we want to ensure you understand the process going forward. KFL&A Public Health and the school are taking all necessary steps to prevent further spread of the virus both in the school and the community.

KFL&A Public Health is working with the school to identify cohorts of students and staff who may have been in close contact with the person being investigated. Not all students will be affected by the potential positive case.

### What should you do?

- Continue to monitor for symptoms of COVID-19 and screen your student daily as most cases of COVID-19 are acquired in the home setting.
- It is **not** necessary to have your student tested at this time if they do **not** have symptoms of COVID-19. **Testing now may lead to unnecessary or repeat testing.**
- If your student has symptoms of COVID-19, immediately isolate them from others and book an appointment at an assessment centre for testing. It is recommended that household members isolate until a negative test result is received for your student.
- If you are contacted by KFL&A Public Health, follow the guidance provided.
- **If you do not receive an additional letter or call from the school or KFL&A Public Health, your student can continue going to school.**

### What will KFL&A Public Health do?

- Public Health Nurses will contact individuals who test positive for COVID-19 and will be in contact with the school.\*
- KFL&A Public Health will identify and contact all individuals (including students and staff) who had close contact with any person who tests positive.\*
- KFL&A Public Health will provide direction to close contacts and the school to protect students and staff and prevent the spread of COVID-19.

**What will the school do?**

- The school will provide KFL&A Public Health with contact information for identified individuals.
- The school will clean and disinfect all areas in the school where the exposure may have occurred.
- The school will work with KFL&A Public Health to develop a plan to protect all students and staff and prevent the spread of COVID-19.

**When can individuals who test positive for COVID-19 return to school?**

- Individuals who test positive for COVID-19 may return to school following specific guidance provided by KFL&A Public Health.

**For more information** go to the KFL&A Public Health website at [kflaph.ca](http://kflaph.ca), where you will find fact sheets and information on COVID-19 symptoms and screening, self-monitoring, self-isolation, and testing. On the website you can also find the COVID-19 dashboard which provides up to date information on COVID-19 in KFL&A.

Sincerely,

**KFL&A Public Health**

**How to get tested for COVID-19 in KFL&A:**

- Visit [kflaph.ca/Assessment](http://kflaph.ca/Assessment) for information on locations, hours of operation, and how to book online, or
- Call 613-548-2376 for the Kingston Assessment Centre (Beechgrove Complex-51 Heakes Lane), or
- Call 613-354-8254 for the Napanee Assessment Centre (LACGH Westdale Campus-12 Richmond Park Dr).

*\*Note: Personal health information may be provided to schools only for the purpose of contact tracing. Schools must protect the personal information of their students and staff. The name of the individual who tests positive for COVID-19 and their contacts will not be disclosed publicly.*
